PELL, observer.

Cool and clear. Pecan hutes out in force today. The "woods are full of them" over in Illinois.

The Mary E is still on the ways. The Kuttawa cleared for Cumberland river today with a nice trip.

The Bob Dudley was detained by fog last night, which will delay her arrival from Evansville until this afternoon.

The J. B. Richardson "walked off" in a hurry this morning. She had fair business for Cairo and way points.

Capt. Charles Nichols, one of the best pilots on the Ohio and Mississippi rivers, was reported in a dying condition at Vicksburg yesterday. Capt. Nichols has many warm friends in this city. He was universally liked by his fellow craftsmen. His family reside at Cairo, Ill.

The Charleston will not get off the docks until next week.

The elegant Tennessee takes her departure for Tennessee river at 5 p. m. today. She has a very good trip. River men are daily growing more hopeful in regard to rising water in the Ohio and tributaries.

The Louisville Courier-Journal of Wednesday says: The ferry boat Mary Hill, intended for the Illinois river, left yesterday for St. Louis. George Muscman and Dan Vahle were her pilots. One of the oldest and best known river pilots pilots that there will be no rise in the Ohio until after a freeze up. He says this season will be just like it was in 1895, when we had just the same kind of fall weather. Business was hardly ever so dull as it is at the present time on the wharf. The shipments are light on all the packets, and the passenger traffic is not what it should be. The river will be falling again today, and from present indications the United States government will have plenty of time to make a bill of the improvements its engineers will care to make before a rise comes.

A Louisville telegram of Thursday says: A large force was put to work this morning to tear out the old dam which forms the tunnel to the channel, and which has been a menace to navigation for a number of years. Many accidents have resulted from it.

LADYSMITH CENTRAL POINT

The Boers Clearly Have the Town
Well Surrounded. It
Not Captured.

ENGLAND GREATLY EXERCISED

LIVERPOOL, Nov. 4.—The British transport Riplian, with troops for South Africa, was forced to return here for repair of damages sustained in a heavy storm when two days out. Many of her boats were smashed and numerous of the horses on board killed. The transport will resume her voyage as soon as possible.

LONDON, Nov. 4.—The colonial office is in receipt of a message saying that Schomo has been evacuated by the British, who are withdrawing south. Colonel is twenty miles from Ladysmith. The British are withdrawing from Keypoint of Gen. White's probable line of retreat.

CAPE TOWN, Nov. 4.—Occupancy of Coleridge by the Boers is admitted officially. Coleridge is just south of the Orange River State, in Cape Colony, and is important strategically. The place is not over a hundred miles from Deonar, where Gen. Buller, it is expected, will begin his great campaign to take Pretoria. The Boers south of Orange river are excited and there are serious apprehensions here.

LONDON, Nov. 4.—The Pall Mall Gazette's Cape Town report says the Natal situation is indeed serious. That the Natal situation is "serious" has been admitted by Englishmen since the disaster to White's left Monday. The fact that Ladysmith was besieged was a pill hard to swallow, but now there is not one man in a hundred but believes that Gen. White is completely bottled up. Attention has been called to the fact that White was to send a list of the dead and wounded in the disaster to Gen. Buller, but no word has come from him.

Nothing received today allays the dread that the Boers have not only cut the wires south of Ladysmith but have also ripped up the railroad connecting it with the coast.

The continental report of the second engagement at Ladysmith is believed in many quarters to refer to the fight at Coleridge for possession of the Tugela river bridge. A long siege at Ladysmith is awaited by military men. White is sitting on a pile of military stores which the Boers want more than he does. Before he can make incursions on the stores the Boers will mix in and if victorious they will take the stores back of the frontier, to make strong the men who are going to face Buller.

The navy is already crowing over the savior of the British in Natal.

CAPE TOWN, Nov. 4.—The Star prints a delayed dispatch, saying there was no firing at Ladysmith Thursday. The Boers were fixing their guns on the hillside. Bombardment was expected Thursday evening or Friday.

LAWTON'S MOVEMENT.

It is Wild, Sprat and Quite Active and Successful.

MANILA, P. I., Nov. 4.—Active operations near Tula continue. Captain Chase, with troops of Third and Fourth cavalry, took Bongabong without much resistance. Insurgents left much equipment behind. The attack at Bongabong to north and far to eastward of Tula betrays the great scope of General Lawton's northern movement.

NEW RAILROAD.

Manager A. N. Clarke, of Den's Agency, received a letter this afternoon from the Dun's representative at Vienna, Ill., saying that there was strong talk of the new railroad from Vienna to Metropolis and Paducah, and the survey is now under way. It is thought there is no doubt but that the road will be built.

LEG BROKEN.

Peter Weikle, a bridge man on the I. C., was brought in this morning and conveyed to the I. C. hospital. His right leg was this morning broken by a piece of timber which in some way struck him, while the gang was at Gilbertsville, above here.

MR. HOBART'S CONDITION.

PATTERSON, N. J., Nov. 4.—Vice President Hobart passed a fairly good night. He slept considerably better and required but little medical attention. At 9:30 this morning he was sleeping naturally. His family and physician are encouraged.

WEATHER INDICATIONS.

Fair tonight and Sunday.

The SUN—Only Ten Cents a week.

COAL SCARC.

The Dealers Claim That They
Can Get None.

Local coal dealers say that they can not get enough coal.

A coal famine in Paducah would not surprise many people this winter, owing to the one last year.

The price of coal advanced several cents the first, and still the coal can not be secured.

A dealer said this morning that he didn't believe there was a lump of coal to be secured in Paducah. He was then on his way to the mines to see what could be done.

"We all manage to get two or three car loads a day," he said, "but this doesn't last. The manufacturers eat up all this coal, leaving very little for outside customers."

SEWER PIPE LAID.

Inspector Gardner Completes a
Portion of His Report.

Sewerage Inspector Geo. A. Gardner, who is completing an exhaustive report of the amount of work and cost of sewerage in the district just completed, finds that the following number of feet of various sized pipe have been laid:

Main and Lateral—
24-inch, 4979.9 ft.
15-inch, 2817.6 ft.

10-inch, 2062.1 ft.
8-inch, 33,117.6 ft.
6-inch, 25,270.65 ft.
House Branches—
8-inch, 115 ft.
6-inch, 55,990.5 ft.
8-inch, cast iron, 180 ft.
6-inch, cast iron, 36 ft.

MOTION DISMISSED.

Ex-Mayor Yeiser is Allowed to Re-
main on Registration Books.

The motion to strike the name of ex-Mayor Yeiser from the registration books was heard this morning by Judge Tully and dismissed.

Very little evidence was heard, and Dr. Yeiser testified that he had called the city his home all the time, although his family had remained in the country home, at his summer house, for over a year. He intended to move back into his house at Sixth and Madison for some time past, but could not get possession.

Judge Tully overruled the motion to strike and Dr. Yeiser will vote in his old precinct Tuesday.

COMMITTEE APPOINTED.

Six Gentlemen Appointed to Represent
Paducah at Memphis.

Mayor Lang this morning appointed the following gentlemen to represent Paducah at the waterways convention to be held at Memphis the 14th of this month: Capt. Joe Fowler, Capt. J. M. Ebel and Mr. Chas. Smith, from the council; Messrs. S. A. Fowler, W. F. Lambdin and Jas. Koger, of the citizens.

Mayor Lang today received the prospectus of the International Mining congress, which meets at Milwaukee, Wis., June 19, 20, 21, 22 and 23, next year. In due time he will appoint delegates.

TONIGHT

Big Vaudeville Bill at Morton's
Opera House.

The Holden company will close their week's engagement at Morton's opera house tonight, presenting a big vaudeville bill. New specialties will be introduced by the entire company. \$10 in gold will be given to the holder of the lucky number. The holder of the number must be in the house to be entitled to the money.

HISTORICAL AND LITERARY.

The organization meeting of the Paducah Historical and Literary Society at the First Christian church last evening, is an encouragement to all those interested in literary work in our city.

The society begins its career with a membership of twenty-five, among Paducah's most prominent men and women known in literary circles. The officers elected were, Prof. H. Clay Smith, president; Mr. George C. Wallace, vice president; Miss Ann Bagby, secretary and Mr. Richard Scott treasurer.

Arrangements are being furthered for the course of lectures to be given for the fall and winter of 1899-1900, under the auspices of the society, consisting of Robert J. Burdett, D. J. Stafford, D. B. Miss Benney, Colonel H. W. J. Ham and J. DeWitt Miller.

The next meeting of the society will be held in the lecture room of the First Christian church, Friday evening, November 17th, promptly at 7:45 o'clock. All persons interested are cordially invited to attend.

EXCURSION TO EVANSVILLE.

The Illinois Central ran an excursion out of here today to Evansville, to the street fair, and 50 tickets were sold here. The crowds got on, however, at Princeton and points above there.

—The lowest thermometer went last night was 28 degrees, the coldest of the season. There was ice in several places.

WON ON POINTS

The Big Coney Island Fight of
Last Night.

Jeffries Only Defeats Sharkey by
Decision in a Hard-Fought
Battle.

NEW YORK, Nov. 4.—The fistie bout between Jeffries and Sharkey, pulled off last night at Coney Island, resulted in a victory for Jeffries on points. It was a hot fight of 25 rounds and both men were punished badly. There was not a knockdown during the fight, and though Jeffries seemed the best man he was unable to floor Sharkey. An immense crowd witnessed the fight and much money changed hands on the result.

Had Jeffries lost the contest he would have been the shortest-lived champion in the latter day history of the ring. Joe Goss held the championship three or four years and then lost it to Paddy Ryan, who was champion two years, and was then succeeded by John L. Sullivan. The latter was champion nearly eleven years, and then lost to Corbett, who held the coveted title five years. Then Fitzsimmons was champion nearly two years. Jeffries, on the other hand, has won his honors only a few months.

It must be said to Jeffries' credit that he is a very willing fighter. He is the only one of the champions who matched for another battle within a few weeks after he won his title.

NEW YORK, Nov. 4.—Pugilists Jeffries and Sharkey are resting quietly in the city today. The doctor says Sharkey has lacerated confusion on left shoulder and his muscles strained at this point. There is a cut over his left eye and on the left side over the sixth rib the flesh is swollen and the skin black and blue. Apparently no bones are broken.

MONDAY NIGHT.

Peruchi-Beldin's O. at Morton's
Opera House.—Ladies Free.

The Critic, of Charleston, S. C., says of the Peruchi-Beldin company: It may be influenced by the war temperature of the public pulse, but whatever the cause, the effect is unmistakable; the Peruchi-Beldin aggregation captured their audience last evening completely.

The academy was packed to its very doors last evening, and reserved seats could have been sold for several times their price, but no one wished to part with his own. It looks as if the conditions will be repeated tonight.

"The Dead Heart" is the bill for Monday night. Ladies will be free if accompanied by an escort with seat reserved before 6 p. m.

POLICE COURT.

The case against John Aaron, charged with maliciously shooting at a man named Speed at Jones' saloon Wednesday night, was dismissed in the police court this morning. The evidence showed that he shot after Speed had drawn a knife. Speed has never been seen since.

The housebreaking case against George Dennis was continued until Monday.

Thomas Compton was fined a dollar and costs for drunkenness.

Fred Grimes was fined \$5 and costs, and Ed Rudolph \$1 and costs, for engaging in a fight on West Court street last night.

—Mayor Lang and City Attorney Lightfoot went out this afternoon to Woodville, where they are billed for speeches.

Editor F. A. Trousdale, of Spring Valley, Ill., was chided by a policeman there for insinuating in his paper that the officer had been levying blackmail upon disreputable resorts. He was badly cut upon the head, kicked and jumped upon and rolled in the mud, and then dragged to jail where he was refused bail. Editor Trousdale has sued the officer and thirty for \$10,000 for this treatment. Mr. Trousdale was formerly editor of the Metropolis Democrat, and a few years ago served a term in the legislature.

THE DEBT INCREASED.

WASHINGTON, Nov. 1.—The monthly statement just issued of the public debt shows that at the close of business October 31, 1899, the debt, less cash in the treasury, amounted to \$1,146,629,581, a decrease during the month of \$2,276,199. This decrease is accounted for by the increase in the amount of cash on hand and the increased redemption of national bank notes. The debt is recapitulated as follows: Interest bearing debt, \$1,046,049,020; debt on which interest has ceased since maturity, \$2,210,030; debt bearing no interest, \$388,762,071; total, \$1,436,021,121. This amount, however, does not include \$656,644,903 in certificates and treasury notes outstanding, which are offset by an equal amount of cash on hand. The cash in the treasury is classified as follows: Gold, \$379,817,313; silver, \$499,499,278; paper, \$64,882,032; bonds, deposits in National bank depositories, disbursing officers' balance, etc., \$83,957,222; total, \$1,025,155,849; a net which there are demand liabilities outstanding amounting to \$735,794,509 which leaves a net cash balance in the treasury of \$289,391,540.

SHEET-IRON WORKS.

Paducah Gentlemen to Start a
New Factory Here.

Paducah is shortly to have a new enterprise. It will be a manufactory of all kinds of heavy sheet iron work, such as tanks, chimneys and such things.

The gentlemen at the head of it are Messrs. S. A. Fowler and E. C. Wolff. They have let the contract for the building to Mr. B. T. Davis, and the shop is to be back of the vinegar factory on North Third street, and will run back to Mr. Wolff's tin shop, on Court street. Work will begin at once.

In addition, the gentlemen have already received about \$1000 worth of machinery that is to be used in the factory.

The establishment of the concern by such capable men will be a great addition to Paducah's commercial interests and importance.

GIVEN AWAY.

\$10 In Gold at Morton's Opera
House Tonight.

The Holden company will put on a big vaudeville bill at Morton's opera house tonight, which closes their engagement in this city.

The entire company will appear in new specialties. \$10 in gold will be given to the holder of the lucky number. Come tonight and bring your numbers.

Ex-Lieutenant Governor J. R. Hindman will make three speeches in Adams county at the different voting places in the interest of the Brown Democratic ticket between this and election day.

Kruger has declared that the Republic of South Africa are determined that if they must belong to England a price will have to be paid that will stagger humanity.

It is announced at Washington that there is a strong probability that the present negotiations regarding the Samoan islands will result in the withdrawal of one of the three powers now interested, and a joint government by the other two.

The report that the express business over the Louisville and Nashville system, now in the hands of the Adams Express company, is to be taken in charge by the railroad company is denied by President Smith.

The British casualties in South Africa since the outbreak of the Boer war have been 916, exclusive of the loss in the disaster near Ladysmith which may add a thousand more.

In Clay county Mrs. James Collins committed suicide by taking poison in preference to appearing in court at Manchester to testify against the men charged with her husband's murder.

Will Aiken, accused of the murder of Mrs. Catherine Shipp and her grandson in Hart county, was dismissed at his examining trial at Murfreesboro.

Five at Boxville, Union county, Ky., destroyed every store in that village except one. The total loss is about \$14,000 with only about \$3000 insurance.

England now has 29,000 soldiers en route to the South African war. The first installment of 6,000 will reach Cape Town Sunday and 23,000 more will arrive during the week following. What the Boers do must needs be done quickly. The British army will eventually reach about 90,000 men.

GEMS OF THOUGHT.

Whatever amuses, serves to kill time, to lull the faculties, and to banish reflection. Whatever entertains, usually awakens the understanding or gratifies the fancy. Whatever diverts, is lively in its nature, and sometimes tumultuous in its effects.—C. R. L. B.

There is nothing like fun, is there? I haven't any myself, and I do like it in others. Oh, we need it! We need all the counterweights we can muster to balance the sad and tedious of life. God has made sunny spots in the heart: why should we exclude the light from them?—Halliburton.

Cease to brag to me of America and its noble institutions and constitution. America, too, will have to strain its energies, crack its sinews, and all but break its heart, as the rest of us have had to do, in thousand-fold wrestle with the pythons and mud-demons, before it can become a habitation for the gods.—Carlyle.

If we work upon marble, it will perish; if we work upon brass, time will efface it; if we rear temples, they will crumble into dust, but if we work upon immortals' minds, if we imbue them with principles with the just fear of God and love of our fellowmen, we engrave on those tablets something which will brighten to all eternity.—Daniel Webster.

FAST TRAINS.

These are Probably the Only Ones to Run on the "Y."

While it is not definitely known, it is the general opinion of railroad men that the four fast passenger trains of the Illinois Central are the only ones to be run around the "Y" when the new time card goes into effect Nov. 12.

The other trains, for a few weeks at least, it is thought, will run to the Union depot, and "dinky" trains will be used as transfers for passengers, baggage and mail, from the "Y" to the Union depot, until the new depot is completed and the facilities for getting to it are complete.

SAM HOUSTON, Of McCracken County.

SATURDAY, NOV. 4, 1899.

Goebelism is near the last ditch. A few days more then it will be over with the gang.

Don't bow to the hot house crowd trailing after Goebel. Give them all the rebuke due by voting for Taylor.

One can easily count the days until the state election on the fingers of one hand. The agony will truly soon be over.

The betting propositions of the Goebels here and elsewhere are all bluffs. This, however, is the game of the gang.

Gov. Taylor practically closed his canvass with a speech in Louisville last night. It was his first speech in the metropolis.

A vote for Sam Houston for legislator is a vote against all the iniquities of Goebelism. Remember this next Tuesday and vote accordingly.

The fight is the politician and the office holder against the people. If you are for the former you will vote for Goebel and his gang, but if for the latter you'll vote for Taylor or Brown.

Two hundred election officers in Louisville have been changed. The rascally work will be heard from elsewhere no doubt. But the people will only vote the stronger against Goebelism.

This warning has been timely. Watch your ballots and see that they are unmarked. There is a Goebelite scheme to steal Tuesday's election and all ways to do the work will be tried. A marked ballot is not a legal vote. See the point.

Sam Houston as a legislator from McCracken county would be an honor to the county and the state. He is a man of discretion and brains, honest and honorable, an experienced lawyer, and therefore competent to make laws. The legislative halls in equity of any and all kinds would find him a bitter foe, and this is what the people want and for him they should vote. Don't waste your votes on any other man and live to regret it always.

The Goebel election law is a legal provision for illegal election, as paradoxical as it may seem. This being the case what man who favors an honest election can favor Goebel's election to the governorship. Does not Goebel state that he wants the vote of no man who is opposed to his bill, and that if elected Governor he will veto any bill from the legislature repealing the Goebel law. He has said this a thousand times in his canvass.

Goebel has been denounced more than any other man who has been a candidate for the governorship of any state in recent years and the anathemas are deserved. He has disrupted the party in the state and more of the respectable elements of the population of his community are against him than were ever combined against any other gubernatorial nominee in the past quarter of a century. He will be defeated, for justice and right will not be so blind as to let it behead-wise.

The leading Democratic paper in northern Ohio, the Cleveland Plain Dealer, says that "For acts of political perfidy of all kinds, for betrayal of the Democratic organization, state, national and county, Ohio has no man of such a record as John R. McLean." Then it gives two columns of specifications and leaves the subject unfinished. This same John R. McLean

has a counterpart and a friend in Kentucky in Wm. Goebel. They are truly two of a kind and if both were put in a bag and shaken up with the view of dropping the "worst pill," they would fall out joined as Siamese twins.

A few figures on wool show the difference between Republican and Democratic industrial policies. Under the McKinley tariff the American wool clip increased from 307,000,000 pounds in 1891 to 348,000,000 in 1893. Then the Wilson law came in and by 1897 there was a decline to 259,000,000. The Dingley law turned the tide again. The wool clip last year increased 26 per cent, and the number of sheep by 2,221,000. In addition to this the demand for goods is so great that most of the woolen mills have consumed their accumulation.

THE COMING BATTLE

Tuesday next will be Republican day. Thirteen states will then hold elections. A clean sweep is all but assured.

Kentucky elects state ticket and has six tickets in the field, viz, Democratic, (Gibling) Democratic, Republican, Populist, Prohibitionist and Socialist Labor.

Maryland will elect a governor, comptroller and attorney general. The tickets in the field are Republican, Democratic, Prohibitionist and Union Reform.

Massachusetts will elect a governor, lieutenant governor, secretary of commonwealth, auditor of accounts, treasurer and receiver general, attorney general. Only two tickets are in the field.

Pennsylvania will elect a supreme court judge, superior court judge and state treasurer. Four tickets are in the field, Republican, Democratic, Prohibitionist and Populist.

Virginia elects no state officers but legislature, full house and half senate. This body as a whole will elect successor to United States Senator Martha.

New York elects no state ticket but members of the state assembly and congressmen.

New Jersey elects legislature only.

Ohio elects a governor, lieutenant governor, judge of supreme court, attorney general, treasurer, auditor, member board of public works. Four tickets are in the field, Republican, Democratic, Prohibitionist and Union Reform.

Iowa elects a governor, lieutenant governor, judge of supreme court, superintendent of public instruction, railroad commissioner. There are five tickets in the field, Republican, Democratic, Prohibitionist and United Christian.

LOST MONEY.

Ninety Dollars disappears from a Hucker's Wagon.

Mr. Harper, a merchant at Ragland, the huckster, in stopping to sell a hog in town and deposit for him in the bank.

The money was in a shot bag and tick hucker, in stopping to sell a chicken, placed it in the rear of his wagon. He soon remembered it, but when he went to look for it, it was gone.

He went back, and although he had gone but about 150 yards from where he last had the money, but no trace of it could be found.

Constable A. Miller and others have looked for it but thus far without finding any trace of it.

TAKEN TO WICKLIFFE.

Two McCracken County Prisoners Wanted for House Breaking.

Constable Anderson Miller, of the county, this morning came in and took into custody Richard and Lunch Hill, colored, who have been in jail about two weeks serving fines for crap shooting in the Maxon's Mills neighborhood.

They are charged in Ballard county with breaking into the house of Andrew Odum and stealing a gallon of wine.

They were sent to Wickliffe this morning by a Ballard county officer.

COURT ADJOURNS.

Judge Husbands adjourned court this afternoon until Wednesday.

This is on account of the election. The jury men who reside in the county will go home for Sunday and it would not be worth the while for them to return for Monday and then have to go back Tuesday to vote. Hence Monday and Tuesday there will be no court.

ATTEMPT FUTILE.

Yesterday morning thieves attempted to break into M. A. Nolan's grocery at Eighth and Boyd, by breaking a window out. The marauder stood on a barrel to accomplish this, but after demolishing the glass he learned that the hole was too small, and had to abandon his purpose.

STEAMBOAT NAME CHANGED.

U. S. Commissioner Puryear this morning received authority from Washington to change the name of the "Ouachita," a steamer rebuilt on the marine ways here, to the "Fred A. Blake."

PETITION IN BANKRUPTCY.

John A. Belcher, of Almo, Ky., this morning filed a petition in voluntary bankruptcy, through his attorney, L. C. Linn Jr. His liabilities amount to five or six thousand dollars.

Ex-Governor Alvin Saunders died Wednesday at Omaha. He was a native of Kentucky, and was the first governor of Nebraska after that state was admitted to the union, serving previously as territorial governor.

General Frederick Funston telegraphed his attorneys at Topeka to file suit for libel against Archbishop Ireland, who, in a recent interview, accused Funston of setting churches in the Philippines.

Observations

....at Random.

The stingiest man in town has been located. He drives a wagon, or more properly, drives the horses to a wagon. He was so stingy that he did not grease the axles of the vehicle for three weeks on a stretch. The other day the contractor for whom he was working, in order to save time and labor up the wagon, agreed to let him take some of the grease off his own wagon and put it on his. He thought it would be economical in the long run, so the wheels were taken off and the grease divided up. When it was finished, however, the stingy man was so elated over his gratuitous acquisition, that he took his wagon straight home, so the grease would last longer, and declined to use it any longer. It is said there, according to reports.

A man who was evidently crazy visited Weille's clothing store day before yesterday. He came in early in the morning, and made some remark about the store being full of stunts. Little attention was paid to him, and presently he called a clerk and made several purchases.

About the time the clerk was ready to send the goods up to the cashier to be wrapped, a typewriter drummer who came in about this time asked Mr. Weille how his machine was working.

The crazy customer, who imagined the store was full of stunts, turned with a fierce look out of his eyes, and savagely demanded to know what the drummer meant. The drummer was astonished by the sudden outburst of anger from a man he had never seen before, and continued to talk to Mr. Weille.

The man with "wheels" then remarked that he would not be insulted by any one, and walked rapidly toward the front before any one could stop or conciliate him. He was so daft he could not even find the front door, and had to ask where it was. He was not drunk, however, but stark mad, it appeared to these present. Mr. Weille has never discovered who this strange customer was, but his conduct was very strange to say the least.

Captain Pat Halloran was out near the Caldwell street "fild" day before yesterday when he discovered quite a deposit of dirt in the hollow nearby. He concluded he would dig some of it to make the street. He soon had several men at work, and in a short time a lady appeared and began to make remarks. She said something about having to pay for the street, and that it didn't look right to make people pay for the street and dirt too.

In a short time another lady appeared, and the two proceeded to exchange "opinions." Still Captain Halloran was not alarmed. The next arrivals were of two other ladies, and the four in a short time, and in a body, went after the enemy. Captain Halloran's friends farther away saw the trouble and thought he was a goner, and were seriously thinking of sending a relief expedition after him, but he fortunately finally appeased his fair adversaries and made his escape. Captain Halloran is a ways on the lookout now, however, when ever he is in the neighborhood, and cannot be induced to even say "dirt."

An ingenious young lady has struck an original method of utilizing her kodak mania. She is not exactly a "kodak friend," but bids fair to become one in due time.

She has her own developing outfit, and has taken pictures of everything from the cow lot to the Woodpile. Among her most attractive efforts, however, are several pictures of herself, and these she is able to print in any number. She pastes them after the "Yours truly" of her letters instead of signing her name, and the effect is dainty as well as unique. As she has many variety of pictures, she is enabled to keep her young men friends always on the qui vive for "another letter"—to see what kind of a picture he's going to draw this time. It is very charming. The girls ought all to try it.

WORTHY YOUNG MAN.

Mr. Gus Byers Dies From Consumption on South Fourth.

Mr. Gus Byers, the well known young groceryman, aged 28, died at 12-10 last night at his home on South Fourth street from consumption, after an illness of six months.

He was a son of the late Mr. Ulrich Byers, butcher, and had since his marriage been engaged in the grocery business on South Fourth near Norton.

He was a young man liked and respected by all who knew him, and will be mourned by many friends.

He leaves a wife and little daughter, a mother, three brothers and three sisters.

The cystemen of Long Island Sound are said to be preparing to form a trust.

SIMPLE SENSE

There is a right way to do all things. An expectant mother can easily realize, if she stops to think a moment, how dangerously wrong it is to swallow medicines when in her condition. She can see that the outside application of a liniment which cures and relaxes must certainly be the thing for her to use. Such a liniment is MOTHER'S FRIEND which she can depend upon doing her a world of good before and during labor. Send to us for our free illustrated book, "Before Baby is Born." BRADLEY'S ESTIMATE.

Thinks Republican Majority Will Be Close to Forty Thousand.

COVINGTON, Ky., Nov. 4.—In an interview last night Governor W. O. Bradley stated that his opinion is General Taylor and the entire Republican state ticket would be elected by at least 40,000 majority. "During my tour through the state I have met many people of all classes and party affiliations," he continued, "and I find that a large majority predict the success of the Republican party, and even going so far as to estimate a majority of about 70,000 for Taylor, but I am conservative and place the majority at 40,000."

When asked what he thought of the count at the polls on election day the governor answered: "I believe we will have a fair count. The good citizens will see that the count will be fair. They will demand it."

When asked if the Republican party had made preparations to prevent fraud at the polls and whether there would be trouble if fraud were attempted, the governor replied: "I do not know what preparations have been made. I have merely been speaking and have not taken any part in the preparations. I do hope there will be none. I am the chief peace officer of the state, and will certainly not cause any trouble myself."

In Society.

The past week has been a decid-
edly gay one in the social world and there
has been no dearth of diversion for the
society devotees. Monday evening
the German club gave one of its
handicrafts for which it is noted.
Tuesday evening Miss Elizabeth Smith
gave a dance at the Palmer com-
plementary to her guest, Miss Ander-
son, of Owensboro. Wednesday after-
noon and evening Mr. and Mrs. No-
ble entertained, introducing their
daughter, Miss Marie, to the social
circle, and Thursday evening Mrs.
Richard Terrell entertained the Mar-
ried Ladies' Euchre club. Next
week promises to be a repetition of
the past one to some extent.

One of the prettiest affairs of the
week was the party dance given by
Mr. and Mrs. Edmond P. Noble Wed-
nesday evening introducing their
charming daughter, Miss Marie. A
reception to the married ladies was
held in the afternoon and the dance
in the evening for the younger folks.
Miss Marie is a very bright, talented
and handsome young lady and is de-
signed to be a great favorite in Pa-
ducah society. Mrs. and Miss Noble
were assisted in receiving in the after-
noon by Miss Louise Bracken, of
Dyersburg, a pleasant visitor at the
Noble home, and Misses Rabb, Mary
Barnett and Corrie Morton, and in
the evening by Mr. and Mrs. E. P.
Noble, Alex. Kirkland, Cook, Hubbs,
Harry Tandy, Geo. Floumy, W. W.
Powers, Mesdames Will Weaks, John
Weaks, Taylor, Kansas City; Leavitt,
St. Louis. Among those present in
the evening were: Mesdames Georgia
Scott, of Dyersburg; Janelle, of Cairo,
Marie Anderson, of Owensboro; Inez
Whitefield, of Clarksville; Edna Spear,
of Chicago; Myrtle Greer, May, Man-
nie, Hattie Terrell, Anna and May

lor, Tom Morton, W. H. Armstrong,

A merry party of young folks was
the guest of the Yacht club Tuesday
afternoon. The yacht left at 3
o'clock and the run to Metropolis
was made in an hour. After a few
minutes' stroll through the fair hills
more city the party headed for home.
A delightful luncheon was served on
the homeward trip, which was en-
joyed immensely by the voyagers.
In the party were: Misses Nora An-
derson, of Owensboro; Ruth Janelle,
of Cairo; Edna Spear, of Chicago;
Maye and Fannie Higgins, of St.
Louis; Georgia Scott, of Dyerburg;
Inez Whitefield, of Clarksville; Ber-

baugh; Mary K. Sowell, Aime San-
ders, May Terrell, Clara Thompson,
Miegie Hansbro, May Paxton, Mrs.
George Floumy and Mesdames Given
Fowler, Abe Weil and Will and
Frank Rieke.

The German club has given many
handsome dances since its organiza-
tion, but it is no exaggeration to say
that the one given at the Palmer
Monday evening complimentary to the
many visitors to the city was one of
the prettiest affairs in the club's
history. Besides the club members,
there were present the following vis-
itors: Mesdames Georgia Scott, of
Dyersburg; Lucy Turner, of Wingo;
Gertrude Asher, of Memphis; Maye
and Fannie Higgins, of St. Louis;
Louise Bracken, of Dyerburg; Nora
Anderson, of Owensboro; Edna Spear,
of Chicago; Ruth Janelle, of Cairo;
Bernice Frost, of Wingo, and Mesdames
Earl Abbitton, Jack Gardner and
Henry Hall, of Mayfield.

That popular organization, the
Young Ladies' Club, will hold its
first meeting of the season next
Wednesday afternoon with Miss Clara
Thompson as hostess. Miss Gertrude
Asher, of Memphis, will be the guest
of honor.

Miss Mary K. Sowell has issued in-
vitations to a social party Thursday
afternoon complimentary to her char-
ming visitor, Miss Spear, of Chicago.

Mrs. Richard J. Terrell was hostess
to the Married Ladies' Euchre club at
a very pleasant meeting of the club,
Thursday evening. Besides the club
members there were a number of vis-
itors present. Mrs. James Elliott, of
Owensboro, won the lady's prize, two
dainty individual salt cellars. Mr.
Albert Foster won the gentleman's
prize, a silver paper knife. The next
meeting of the club will be with Mrs.
A. K. Meyers, November 15.

One of the handsomest entertainments
of the week was the reception and
dance at the Palmer Tuesday evening
tendered by Miss Elizabeth Sinnott
to her friends. There was not only a
large attendance, but one striking in
attractiveness. Miss Sinnott was as-
sisted in receiving by her club mem-
bers, Miss Nora Anderson, Mr. and
Mrs. Alanzo Meyers, Mr. and Mrs. John
Sinnott and Mesdames John and Joe Sin-
nott. The evening was devoted to
dancing and there was never a pos-
sible affair of its character seen. Among
the guests were: Mesdames Maye and
Fannie Higgins, of St. Louis; Nora An-
derson, of Owensboro; Edna Spear, of Chi-
cago; Bernice Frost, of Wingo; Lucy
Turner, of Wicliffe; Gertrude Asher,
of Memphis. Mr. and Mesdames Geo.

ton, Cecil Lacy, Dow Wilcox, Earl Al-
britton and Henry Hale, of Mayfield;
Misses Smith, Saunders Fowler, Wynne
Tully, Alf Stewart, C. W. Thompson,

A pretty and interesting incident
occurred just following the grand
march, which was led by Miss Sinnott
and Mr. Thomas C. Leach, when Mr.
Saunders Fowler, on behalf of the
Mystic Circle, presented Miss Sinnott
with a handsome brooch studded with
diamonds, a gift from the mystic or-
ganization to the fair queen of its
handsome ball. Mr. Fowler made a
very pretty presentation speech and
Miss Sinnott delighted her many friends
with a very happy and pointed reply.

TO BE A CHANGE.

WASHINGTON, Nov. 4. - T. E. Smith
meeting spent much time yesterday
in reading and discussing the pre-
liminary report of the Philippine com-

very satisfactory. The subject of a

Even Democrats Greeting Him -
Free Silver Doctrine.

NEW YORK, Nov. 4. - The Democratic
Union Money League of America has
issued an address against Bryan.
The address urges that the question
now is whether or not the prospects
of the future are to be sacrificed in the
interest of party success on the lines
of the Chicago platform. The address
adds:

"Our action is identical with the
action of the gold Democrats of Mary-
land, who have reorganized their
forces on the lines of 1896, as a reply
to the bold declarations of the friends
of free silver. We warmly commend
their patriotic attitude to gold Demo-
crats throughout the nation."

SCHURMAN SOUNDS WARNING

Interference With Polygamy Will
Provoke Bloody War.

WASHINGTON, Nov. 4. - Prof. Schur-
man of the Philippine commission,
says the treaty this government made
with the Sultan is the same in
effect which the natives had with
Spain. Before the United States
troops camped at Jolo, Prof. Schur-
man visited the Sultan. The Sultan
is most anxious to be friendly with
the Americans, and he believes they
mean to treat him and his people
fairly. The religion of the natives is
Mohammedan, and they are both ig-
nerant and fanatical. Polygamy
is a part of their religion, and sig-
nifying in the shape of a sort of feudal
bondage exists. The men in the is-
lands are powerful and strong, and
are desperate fighters. They consider
death in the cause of religion the
easiest and surest way to heaven.
Prof. Schurman says if the United
States tries to interfere with rights
and customs in the Sulu Islands it
will provoke a long, expensive and
bloody war.
